

## **First Bulletin: April 1, 2011**

**The 11<sup>th</sup> Conference on the Intersections of Particle and Nuclear Physics (CIPANP 2012) will be held at the Renaissance Vinoy Resort and Golf Club in St.Petersburg, FL, May 29 to June 3, 2012. The objectives of the CIPANP Conferences are to encourage communications and interactions among experimental and theoretical elementary particle physicists, nuclear physicists, particle and nuclear astrophysicists, and accelerator physicists over a wide range of topics of current interest. CIPANP 2012 will include plenary session talks, parallel session talks arranged by and summarized by convenors, as well as a poster session organized around the following topics:**

- **High Energy Frontier**
- **Low Energy Precision Frontier**
- **Neutrino Masses and Neutrino Mixing**
- **Electroweak Tests of the Standard Model**
- **Cosmic Frontier**
- **Dark Matter and Dark Energy**
- **Particle and Nuclear Astrophysics**
- **Heavy Flavor and the CKM Matrix**
- **QCD, Hadron Spectroscopy and Exotics**
- **Hadronic Physics and Spin**
- **Nucleon and Nuclear Structure**
- **Quark Matter and High Energy Heavy-Ion Collisions**
- **New Facilities and their Instrumentation**

**Information about submitting a Contributed Paper/Poster (with deadline 24 February, 2012) can be found on the website : [CIPANP2012.triumf.ca](http://CIPANP2012.triumf.ca) Information about applying for limited financial support to facilitate participation in CIPANP 2012 can also be found on that website. Priority for limited financial support will be given to younger physicists (graduate students, postdoctoral fellows, research associates). The deadline for requesting financial assistance is 24 February, 2012.**

**Further information about the CIPANP 2012 registration, hotel accommodation, scientific and social program, area attractions and the historic Renaissance Vinoy Resort and Golf Club will also be given in the website: [CIPANP2012.triumf.ca](http://CIPANP2012.triumf.ca)**
